Founded in New York City in 1966, the Victorian Society in America is dedicated to fostering the appreciation and preservation of our nation's 19th-century heritage, as well as that of the early 20th century (1837–1917). **The Victorian Society New York (VSNY)**, the oldest of numerous chapters now flourishing throughout the U.S., is an independent not-for-profit organization affiliated with the national Society.

Membership contributions at any level help to provide a solid foundation for all that we do, from our lecture series, walking tours, and excursions, to our grant and awards programs that honor worthy preservation projects in New York. Members also help provide scholarships to the Victorian Society in America Summer Schools for advanced study. Donations to the **Margot Gayle Fund** make possible monetary grants for preservation or conservation of Victorian material culture in our region.
